

December 2nd, 2022

To Our Valued Customer:

Victaulic works diligently to control operational expenses through the implementation of various cost containment strategies. These actions alone cannot address the increase in overall cumulative costs. Despite our efforts to control operational expenses, we deem it necessary to execute a general 6% price increase for most of our products. This increase is effective on all orders received after the close of business on Tuesday January 31st, 2023.

To stabilize our inventory levels and ensure business continuity, order limits by allocation have been put in place from now until close of business Tuesday January 31st, 2023. Contact your local Victaulic sales representative for the details of allocation.

The updated price list will be available on the Victaulic website in Excel format on January 6th, 2023, and .pdf format on or before January 24th, 2023. To access these, please visit victaulic.com and click on the "Price Lists" link under the "Resources" tab.

Disclaimer: Pricing data published in Excel format prior to the effective date is subject to change until final versions are published to the website on or before January 6th, 2023.

Thank you for your continued support. At Victaulic, we continue to work hard to provide the highest quality, most reliable piping system solutions to serve your business needs.

Your local Victaulic sales representative can answer any additional questions you may have regarding this information.

Sincerely,

A handwritten signature in black ink that reads "Gary Moore".

Gary Moore
Executive Vice President
